Does your facility qualify?

- Non-residential facility
- Electric projects: electric delivery service rate DS2, DS3, DS4, DS5, or DS6 and Energy Efficiency Demand Response surcharge on Ameren Illinois bill for the service point corresponding to the electric project. DS4 and DS6 service points: if the electrical demand (kW) on the service point at your facility exceeds 10,000 kW within any 15 minute period in 2017, incentives will not be available for your project.

Does your project qualify?

- Installing new, energy efficient equipment
- New equipment meets eligibility guidelines as specified in this application
- Estimated project completion date by December 31, 2018

What you should know before beginning:

- Preapproval is **required** for ALL Standard Application projects requesting more than \$10,000 of incentive money. Do not purchase (including generating purchase orders) new equipment until receiving an official preapproval letter.
- Multiple incentive applications less than \$10,000 at the same facility within 120 days of each other will not be accepted. Phased projects requesting less than \$10,000 may submit separate applications when completion dates are at least 120 days apart.
- Stockpiles of equipment are not allowed: all incentivized material must be installed and operational.
- Projects must be completed within 120 days of equipment purchase date.
- Final application paperwork is due within 30 days of project completion **or by December 31, 2018, whichever comes first.**
- Electric projects are capped at \$500,000.
- Gas projects are capped at \$250,000.
- Incentive applications are also capped at the project cost, which includes the costs of material and external labor (internal labor is not considered).
- Application paperwork can be submitted via email or hard copy. Emails that include "zip" files cannot be received. You will receive a confirmation email within two business days of submitting an application; please contact us if you do not receive a confirmation email.
- Please be aware that some projects with final paperwork submitted Jan. 1, 2018 or later may only receive incentives for eligible equipment if it is (1) self-installed by an employee of the Ameren Illinois customer listed on this application, or (2) installed by an Illinois Commerce Commission-approved Certified Installer where required.

Participation instructions:

- **Step One:** Determine if your project requires preapproval. If the total incentive request is over \$10,000, preapproval is required.
- **Step Two, Track A:** If preapproval is required, submit the application for preapproval and do not purchase any material or generate purchase orders until a preapproval letter is issued. You will be notified if a pre-inspection is required.
- **Step Two, Track B:** If preapproval is not necessary, an application for "funds reserved" may be submitted, or the project may begin.
- **Step Three:** Within 30 days of project completion (all equipment installed and operational) or by December 31, 2018 – whichever comes first – submit a completed Incentive Payment Request form and all supporting documentation requested (or an entire application if not previously submitted). Applications are reviewed and approved projects paid within 60 days of approval.
- **Step Four:** Program staff may conduct a post installation verification inspection upon receiving final application paperwork.

*Detailed, step-by-step instructions, FAQs, and other helpful information are available in the Application Guide (www.AmerenIllinoisSavings.com/portals/0/business/forms/application-guide.pdf).

 - f) "EEM" shall mean energy efficiency measures.
 - g) "Eligible Customers" shall mean non-residential electric and/or gas Customers of Ameren Illinois. Each program has different eligibility requirements for Delivery Service rates (DS# for electric, GDS# for gas) to be eligible for that program. Refer to the specific program applications to determine if your business is eligible for that program. The Ameren Illinois incentive payments are awarded only to Eligible Customers for equipment that is owned by them and installed in the Ameren Illinois service area at the location that corresponds with the Ameren Illinois account number listed in the Application. All Eligible Customers are ultimately responsible for compliance with these Terms and Conditions.
 - h) "Facility" shall mean a single premise that, in general, consists of a contiguous tract of land separated by nothing more than a street, alley, or railroad right-of-way, where all buildings and/or energy-consuming devices are owned by a single Customer.

 - k) "Qualifying Energy Efficiency Measures (EEMs)" shall mean either (i) standard gas or electric EEMs (i.e., measures found on any of the Standard Programs applications: *Lighting, VFD, HVAC, Specialty Equipment, Steam Trap, and Leak Survey and Repair*); or (ii) measures eligible under the Custom Program approved by Ameren Illinois; or (iii) measures found in the Retro-commissioning Program as identified in official program materials found on the Ameren Illinois Energy Efficiency website. Technologies that purport to save energy through reduction of voltage, demand, or power conditioning are not Qualifying EEMs. EEMs that displace electrical energy use or natural gas to another fuel (i.e., fuel switching proposals) are not Qualifying EEMs. Other than geothermal projects, renewable energy projects (solar, wind power, etc.) are also not eligible for incentives under this program. Unless explicitly pre-approved, EEMs must be new and covered by warranties. Natural Gas (gas) incentives do not include propane or butane measures.
 - l) "Standard Programs" shall mean those projects associated with Standard gas or electric EEMs. Standard Programs include the following: *Lighting (not New Construction Lighting), VFD, HVAC, Specialty Equipment, Steam Trap and/or Leak Survey and Repair*. See the Ameren Illinois Energy Efficiency website for applications for these programs (AmerenIllinoisSavings.com).
- 2. OWNERSHIP OF CAPACITY AND/OR ENVIRONMENTAL CREDITS:**
- a) EEMs purchased and installed in part through incentives provided by this program are the property of the Customer, subject to any limitations contained within these Terms and Conditions.
 - b) Notwithstanding the above, unless otherwise requested in writing by the Customer prior to installation of the EEMs, Ameren Illinois holds sole rights to any system capacity credits and environmental credits that may be associated with EEMs for which incentives from Ameren Illinois were received, and Ameren Illinois can dispose of these credits in any manner authorized by law or regulation.

Further, Ameren Illinois will not pay incentives for any EEMs ordered or any purchase order generated prior to the date of the Pre-approval letter, UNLESS, the requested incentive is less than \$10,000 on any Standard Program Application (see 1.j above). Pre-approval reserves incentive funds for a period up to the Estimated Completion Date provided in the Pre-approval letter. After the Estimated Completion Date, Ameren Illinois may revoke the Pre-approval letter and associated incentive funds. Customer is responsible for ensuring application is accurate and equipment meets eligibility requirements in order to receive the Pre-approval incentive payment.
- 4. POST-INSTALLATION VERIFICATION:** Ameren Illinois is not obligated to make any incentive payment until it has performed a satisfactory post-installation verification. This provision may be waived at the sole discretion of Ameren Illinois.
- 5. INCENTIVE PAYMENT AMOUNTS:**
- a) Incentive caps (per program year for a facility) are defined as follows:

 - e) Incentives for Standard or New Construction applications will be capped at the project cost, which includes material cost and external labor cost (Internal labor is not considered in the project cost). Steam Trap Surveys are eligible for incentives when internal labor is used per the guidelines of the Steam Trap application.
- 6. MONITORING AND EVALUATION FOLLOW-UP VISITS:** Customer grants Ameren Illinois and any of its agents, the right to make follow-up visits, inspections or surveys of the Customer's facility during the 36 months following the completion date of the project at a time convenient to the Customer. If Ameren Illinois discovers that the EEMs were not actually and properly installed or were subsequently disconnected within 36 months after installation, Ameren Illinois shall be entitled to money damages equal to the total amount of incentive payments made plus interest.
