

NEW CONSTRUCTION INCENTIVES

Energy Efficiency PROGRAM

Ameren Illinois non-residential customers can qualify for financial incentives for energy-saving equipment upgrades in New Construction projects.

PRE-APPROVAL FOR ALL NEW CONSTRUCTION APPLICATIONS IS REQUIRED.

Qualifying New Construction Projects

- » New buildings
- » Change of use of existing building or land
- » Building additions (two or more building systems are renovated – e.g. heating & lighting)

Available Financial Incentives

**Upgrades must be 15% better than code*

Project Requirements

- » Installed equipment must exceed baseline code requirements for energy efficiency.
- » Contractors must be Illinois Commerce Commission (ICC) certified.
- » Lighting equipment must be Design Lights Consortium (DLC) listing approved.

How to Get Started

VISIT AmerenIllinoisSavings.com/Business

Click on the equipment link you are considering

Open the application for that equipment and look for the **NC** symbol, which designates the incentives are available for New Construction

SUBMIT PDF APPLICATION VIA EMAIL OR POSTAL MAIL

OR

SUBMIT APPLICATION VIA ONLINE PORTAL (AMPlify Online)

Signed W9 form with Tax ID Number

Signed W9 form with Tax ID Number

Manufacturers' cut sheets

No cut sheets or Lighting Calculator required

New Construction Lighting Calculator

Faster processing!
