

Media Approval Process for Partners

1. Download your template release from the partner resource page on **AmerenIllinoisSavings.com/Partner**. Your project manager or Mallory Audo can direct you to this location.
2. Download the media template you would like to use from the "Communications & Media" tab.
3. Update the word document for your event and send to your Project Manager.
4. Once your project manager has received the draft release, they will circulate for review internally.
