

Energy Efficiency
PROGRAM

Artwork by Chantell Marlow, member of the Peoria Guild of Black Artists

Is your business ready to grow?

The Ameren Illinois Energy Efficiency program has dedicated services to help your business find, hire and retain qualified staff - at no cost to you.

The Ameren Illinois Energy Efficiency Program has a pipeline of vetted, qualified talent ready to work in the energy sector and help your business expand. Through the Workforce Development Program, your business gets connected with job-seekers within the Ameren Illinois service territory who have been vetted and trained to perform energy efficiency work under your guidance.

Ways the Workforce Development Program Helps Your Business Succeed:

- Match you with qualified, vetted candidates across the state of Illinois who have been sponsored through BPI, HVAC and other relevant trainings.
- Draft and post job descriptions for you, so you can focus on running your business.
- On-going training and support for any candidates you hire from our network, including a library of over 50,000 on-demand computer-based trainings and on-site BPI training.
- Address other needs as you identify and share them - our program was created to serve YOU!

Take advantage of this growth opportunity from the Ameren Illinois Energy Efficiency Program and see your business potential skyrocket!

Additionally, we offer a jobs board as a free tool provided in partnership with the Springfield Urban League. For jobseekers, it offers an easy, searchable site to find energy jobs in their area. For employers, it is a tool for getting your job opportunities to a captive audience.

Learn more about the Workforce Development Program at AmerenIllinoisSavings.com/Jobs or email workforce@ameren.com.

Thank you to our supporting partners: Carle Health, Wraparound Center at Trewyn, House of Hope Peoria, INC., Goodwill, Minority Business Development Center, New Millennium Institute, Peoria Citizens Committee for Economic Opportunity, Inc., Tri-County Peoria Urban League, The Salvation Army, Lawn-N-Order, Springfield Urban League and East St. Louis Urban League.
