

Custom Application

Does your project qualify?

- Non-residential facility
- Electric projects: electric delivery service rate DS2, DS3, DS4, DS5, or DS6 and Energy Efficiency Programs Charge on Ameren Illinois electric bill. Accounts that are opted out of the Energy Efficiency Program are ineligible to participate. DS5 accounts should discuss with Ameren Illinois' representatives prior to starting. DS1 projects will be considered if there is no other Offering in the Residential or Business Program to serve the DS1 customer.
- Gas projects: gas delivery service rate GDS2, GDS3, GDS4, GDS5, or GDS7 and Energy Efficiency Programs Charge on Ameren Illinois gas bill. GDS1 projects will be considered if there is no other Offering in the Residential or Business Program able to serve the GDS1 customer.
- Electric or gas energy efficiency measures not covered under incentives for the Standard, Streetlighting, or Retro-commissioning Initiatives (Lighting, HVAC, VFD, Specialty) Installing new, energy efficient equipment
- New equipment meets eligibility guidelines as specified in this application

Incentive Rates

		Incentive Rate for first 3,125,000 kWh or 100,000 therms	Incentive Rate* for Portion of Incentive above 3,125,000 kWh or 100,000 therms
Private Sector	Electric Savings	\$0.16/kWh	\$0.06/kWh
	Gas Savings	\$1.00/therm	\$0.50/therm
Public Sector** and DS2/GDS2 Customers	Electric Savings	\$0.20/kWh	\$0.06/kWh
	Gas Savings	\$2.00/therm	\$0.50/therm

*rates are contingent upon available budget

**public sector is defined as municipalities, local government, public schools, state universities and community colleges

What you should know before beginning:

- Preapproval is **required** for ALL Custom projects. Do not purchase (including generating purchase orders) new equipment until receiving a pre-approval letter.
- Incentive requests greater than \$100,000 must submit a corporate letter of commitment with 30 days of receiving a pre-approval letter and also submit an executed purchase order for project equipment within 60 days.
- Stockpiles of equipment are not allowed: all equipment must be installed and operational.
- Final paperwork is due within 30 days of project completion or **by December 31** of the same year, whichever comes first.
- Compressed Air Leak Savings are not allowed within the Custom application as energy savings.
- Custom incentive payments are capped at 80% of the customer's incremental cost to purchase energy efficiency measures, or the preapproved amount, whichever is less.
- Incentive calculations for **Custom HVAC projects** will be capped at \$0.03*annual kWh usage on electric incentive and \$0.20*annual therm usage on gas incentive (or for Public Sector and DS2/GDS2, if the incentive exceeds \$0.045*annual kWh usage on electric incentive and \$0.40*annual therm usage on gas incentive).
- Application paperwork can be submitted via email or hard copy. Emails that include "zip" files or web links cannot be received. You will receive a confirmation email within two business days of submitting a complete and correct application.
- Measures must be (1) self-installed by an employee of the Ameren Illinois customer listed on this application, or (2) installed by an Illinois Commerce Commission-approved Certified Installer, to qualify for an incentive. Certification of the self-installation or evidence of installation by a Certified Installer will be required. A full list of Certified Installers can be found at www.icc.illinois.gov/emdb/ucdb/search by choosing Authority Type, 'EnergyEfficiency Installers.'
- Incentives for projects with completion dates after December 31, 2025 are contingent on the approval of budgets and structure of the Ameren Illinois Energy Efficiency Program for program years 2026 through 2030.
- Please save a copy of this form to your computer and use Adobe Acrobat to complete the document. Most browsers (Chrome, Internet Explorer, Safari) do not auto-fill calculations.**

Participation instructions:

- **Step One:** Submit your application for pre-approval. Do not purchase any material or generate purchase orders until a pre-approval letter is issued. You will be notified if a pre-approval inspection is required.
- **Step Two:** Upon receipt of the pre-approval letter, purchase and install the approved equipment. **NOTE:** if you are considering changes to the scope of work, it is **imperative** to contact a program representative to discuss how the change will impact your savings/incentive and the necessary steps required to request incentive changes.
- **Step Three:** As soon as your project is completed, submit a completed Incentive Payment Request Form and all supporting documentation requested. Final application paperwork is reviewed if approved, your incentive will be paid within 60 days of approval.
- **Step Four:** Program staff may conduct a post installation verification inspection upon receiving final application paperwork.

*Detailed, step-by-step instructions, FAQs, and other helpful information are available in the Application Guide (<https://amerenillinoisavings.com/business-forms-library/>)

Custom Application

Baseline operating conditions

What would operating conditions be if the project does not proceed (i.e. system settings, schedules, equipment)? This may be a description of current conditions or a description of minimum operating requirements per existing codes. Include reasoning to support why baseline choice(s) are appropriate.

Changes resulting in improved efficiency

Which change(s) will be made to improve energy efficiency? Include a summary of updated or replaced equipment, settings, schedule, etc. and how these changes will be maintained or managed going forward.

Post-implementation operating conditions:

What will operating conditions be after implementing the project?

Custom Application

ELECTRIC INCENTIVES ESTIMATE			
Description	Instructions	Answer	
A	Baseline Annual Consumption	Current energy use or, for new construction or equipment at end of expected useful life (EUL), enter the energy used under theoretical standard-efficiency or code-minimum conditions.	kWh
B	New Efficient Annual Consumption	Projected energy use after project completion. Provide documentation to support this value (e.g. calculations, models, equipment specifications, trend data). See page 10.	kWh
C	Annual Electric Energy Savings	[C = A – B]	kWh
D	Project Type	Public sector is defined as municipalities, local government, public schools, state universities and community colleges.	Private Sector, non-DS2 Public Sector or DS2
E	Base Custom Incentive (before applicable caps)	Private sector: \$0.16 x (min. of [C] and 3,125,000) + \$0.06 x (max. of 0 and [C-3,125,000]). Public sector and DS2: \$0.20 x (min. of [C] and 3,125,000) + \$0.06 x (max. of 0 and [C-3,125,000]).	\$
F	Your Electric Rate	Total of annual electricity costs, divided by annual billed kWh.	\$ /kWh
G	Annual Energy Cost Savings	[G = C x F]	\$
H	Materials Cost*	Provide quote or proposal to support this value.	\$
J	External Labor Cost*	Provide quote or proposal to support this value.	\$
K	Internal Labor Cost* (optional)	Internal labor costs, if included, must meet documentation requirements. See page 10.	\$
L	Total Electric Project Cost	[L = H + J + K]	\$
M	Payback Before Incentive	[M = L / G] Must be between 1 month and 12 years to be eligible.	years
N	Payback After Incentive	[N = (L – E) / G] Capped if value is less than 1 month (0.083 years).	years
P	Incentive Percent of Cost	[P = E / L x 100] Ineligible if less than 10%, capped at 80%.	%
	Estimated Custom Electric Incentive (Pending preapproval and final technical review)	Base incentive [E], capped if necessary at 1 month payback after incentive [N], 80% of project cost [P], or HVAC cap [S]. Incentives over \$500,000 likely to be reduced based on available budget.	\$

* If baseline is the existing condition, use full electric project costs. When using a theoretical baseline, use incremental costs of the proposed efficiency project over a standard-efficiency or code-minimum project.

Complete this block for HVAC Related Electric Projects Only: Modeled/calculated Custom HVAC incentives are capped at \$0.03 per annual kWh consumption (private non-DS2) or \$0.045 per annual kWh (public/DS2).		
Q	Total annual metered electric energy consumption	kWh
R	Percent of total metered space impacted by the project (total sq.ft. / impacted sq.ft. x 100)	%
S	Electric HVAC Incentive Cap (Private non-DS2: \$0.03 x [Q] x [R]. Public/DS2: \$0.045 x [Q] x [R].)	\$
	Are you willing to postpone incentives by 6 months for verification of energy savings? <i>The Custom HVAC cap can be waived if incentives are made contingent on savings validated by pre- and post-implementation data (utility billing data often satisfies this requirement).</i>	Yes No

H	Additional Custom Incentive (\$)	Row G x \$0.30	\$

Custom Application

Terms and Conditions

1. DEFINITIONS: Capitalized terms used but not defined elsewhere herein shall have the following meanings:

- a) **"Ameren Illinois"** shall mean Ameren Illinois Company d/b/a Ameren Illinois.
- b) **"Application"** shall mean the Customer completed program application used to apply for the specific Ameren Illinois incentive, these Terms and Conditions, and any other supplemental documentation.
- c) **"Retro-commissioning"** shall mean those projects that are found on the *Large Facility, Industrial, Retro-commissioning Lite, or Compressed Air* applications
- d) **"Customer"** shall mean an Eligible Customer who has submitted an Application.
- e) **"Custom Initiative"** shall mean those projects that are not Standard, Retro-commissioning, or Streetlighting Initiatives. Projects that are found on *New Construction Lighting, Metering & Monitoring, and Feasibility Study* are also part of the Custom Initiative.
- f) **"EEM"** shall mean energy efficiency measures.
- g) **"Eligible Customer"** shall mean a non-residential electric and/or gas customer of Ameren Illinois that own and install a Qualifying EEM at the Facility corresponding to the Ameren Illinois account number. Each program application has different eligibility requirements for Delivery Service rates (DS# for electric, GDS# for gas) to be eligible for that program. Refer to the specific program application to determine if your business is eligible for that application.
- h) **"Facility"** shall mean a single premise that, in general, consists of a contiguous tract of land separated by nothing more than a street, alley, or railroad right-of-way, where all buildings and/or energy-consuming devices are owned by a single Customer.
- i) **"New Construction"** shall include construction of new buildings, change-of-use of existing buildings or land, additions to existing buildings, or when two or more building systems are renovated, such as shell and heating, heating and lighting, etc.
- j) **"Pre-approval"** shall mean written notification via a pre-approval letter to Customer that Ameren Illinois has reviewed Customer's Application and determined that the project meets the program eligibility requirements for a maximum pre-approved incentive amount if the project is completed by the estimated completion date and all final application paperwork is submitted and approved.
- k) **"Program Bonus"** shall mean any seasonal, temporary, or promotional additional incentive paid by Ameren Illinois to Customer.
- l) **"Qualifying Energy Efficiency Measures (EEMs)"** shall mean either (i) standard gas or electric EEMs (i.e., measures found on any of the Standard Initiative applications); or (ii) measures eligible under the Custom Initiative approved by Ameren Illinois; or (iii) measures found in the Streetlighting or Retro-commissioning Initiative as identified in official program materials found on the Ameren Illinois Energy Efficiency website. The following technologies are not Qualifying EEMs: (i) technologies that do not demonstrate measurable and verifiable energy savings, including power conditioning; (ii) technologies that displace electrical energy use or natural gas to another fuel (i.e. fuel switching); or (iii) renewable energy projects (solar, wind power, etc.). Eligible gas measures do not include propane or butane measures.
- m) **"Standard Initiative"** shall mean those projects associated with standard gas or electric EEMs. Standard Initiative includes the following: *Lighting (not New Construction Lighting), VFD, HVAC, Specialty Equipment, Equipment Installation, Smart Thermostat, Steam Trap and/or Leak Survey and Repair*. See the Ameren Illinois Energy Efficiency website for individual program applications (AmerenIllinoisSavings.com).
- n) **"Streetlighting Initiative"** shall mean those projects that are found on the *Ameren Illinois owned and Municipal-owned* streetlighting applications

2. PRE-APPROVAL, INSPECTIONS AND FINAL APPROVAL:

- a) For all projects, Ameren Illinois is not obligated to award any incentive payment unless an Application is submitted and Pre-approval is granted. Ameren Illinois will not pay incentives for any EEMs ordered or any purchase order generated prior to the date of the Pre-approval letter, unless the requested incentive is less than \$10,000 on any Standard Initiative Application. Pre-approval reserves incentive funds for a period up to the estimated completion date provided in the Pre-approval letter. After the estimated completion date, Ameren Illinois may revoke the Pre-approval letter and reserved incentive funds. Customer is responsible for ensuring that the project is completed by the estimated completion date, the Application is complete and accurate, and the project meets program eligibility requirements in order to receive final approval and the incentive payment.
- b) A pre-approval inspection and post-installation inspection of the project may be required before an incentive payment is made.
- c) Ameren Illinois reserves the right to request additional supporting documentation as deemed necessary to ensure program eligibility and verify that the expected energy savings will occur.

3. INCENTIVE PAYMENT AMOUNTS:

- a) Incentive caps are defined as follows:
 - i) Standard, Custom, Retro-Commissioning, and Streetlighting Applications: Electric incentives over \$500,000 are likely to be reduced from the full incentive rate based on available program budget. Gas incentives are capped at \$250,000 per project.
 - ii) New Construction Lighting, Feasibility Study, Leak Survey and Repair, Strategic Energy Monitoring, Small Business Direct Install, and Metering & Monitoring incentives are capped at lower amounts. Please see individual program applications for further details.
- b) Ameren Illinois reserves the right to adjust the incentive amount, based upon its independent assessment of appropriate savings or cost estimates.
- c) Ameren Illinois will pay no more than the incentive amount in the Pre-approval letter.
- d) Ameren Illinois reserves the right to cap incentives at \$10,000 for Standard Initiatives that did not obtain Pre-approval.
- e) The sum of all Incentives and any applicable Program Bonuses for Standard Initiative, Custom Initiative, or Streetlighting Initiative will be capped at the project cost, which includes material cost and external labor cost. Internal labor cost may be considered with adequate documentation as determined by Ameren Illinois. Steam Trap Surveys are eligible for incentives when internal labor is used according to the Steam Trap Application.

4. MONITORING AND EVALUATION: Customer grants Ameren Illinois and any of its agents, the right to make follow-up visits, inspections, metering, data collection and/or surveys of the Customer's Facility during the 36 months following the completion date of the project to verify the installation and performance of the EEMs that were funded by incentives upon reasonable notice to Customer. If Customer removes the EEMs at any time or Customer ceases to be a delivery service customer of Ameren Illinois within 36 months after installation, Ameren Illinois shall be entitled to recover from Customer the total amount of incentive payments made plus interest.

5. CUSTOMER DATA: By submitting an Application, Customer understands and authorizes Ameren Illinois and its third party providers and agents to retain Customer's Application, and use, store and share the information contained in the Application, together with such data and documentation collected in

Custom Application

connection with the project, for the program and its internal business purposes. Customer agrees that Ameren Illinois may share such information with the Illinois Commerce Commission, or its contractors, who plan to evaluate my energy usage. Ameren Illinois may release aggregated, non-identifiable data to third parties for regulatory and non-regulatory purposes.

6. CUSTOMER SHALL PAY ALL TAXES: Incentive payments received by Customer or any third party payee designated by Customer on a Payment Release Authorization Form may be taxable by the federal, state, and local government. Customer is responsible for declaring and paying all such taxes, regardless of who receives the incentive.

7. REMOVAL OF EXISTING EQUIPMENT: Customer agrees, as a condition of participation in the program, to remove and dispose of any equipment being replaced by the EEMs in accordance with all applicable laws, rules, and regulations. Customer further agrees not to reinstall any replaced equipment or transfer it to any other party for installation in Illinois.

8. OWNERSHIP:

a) EEMs purchased and installed with incentives provided by this program, and all energy savings realized from the installation of such EEMs, are the property of Customer.

b) In consideration of the incentives provided by this program, Customer agrees that Ameren Illinois is entitled to all rights to any system capacity and environmental credits and attributes that may be associated with EEMs for which incentives from Ameren Illinois were received, and Customer waives, and agrees not to seek, any right to the same.

9. CHANGES OR CANCELLATION OF THE PROGRAM:

a) Ameren Illinois, in its sole discretion, may change any of the terms and conditions of the program, suspend acceptance of Applications, deny Applications already received and not yet pre-approved or terminate the program at any time without prior notice.

b) In the event of program change or cancellation, Applications that have been pre-approved will be processed to completion under the program requirements and Terms and Conditions in effect at the time of Pre-approval by Ameren Illinois.

c) Incentives under the program are offered on a first-come, first-served basis and are subject to project eligibility and the availability of funds.

10. LIMITATION OF LIABILITY AND INDEMNIFICATION:

a) AMEREN ILLINOIS' TOTAL LIABILITY TO CUSTOMER UNDER THESE TERMS AND CONDITIONS, OR ANY OTHER REQUIREMENT OF CUSTOMER'S APPLICATION OR CONDITION OF INCENTIVE AWARD SHALL BE LIMITED TO PAYMENT OF THE AMOUNT OF THE INCENTIVE PAYMENTS DUE TO CUSTOMER IN THE APPLICATION OR PRE-APPROVAL LETTER ACCORDING TO THE PROGRAM. AMEREN ILLINOIS, ITS PARENT, AFFILIATES AND SUBSIDIARIES, AND THEIR DIRECTORS, OFFICERS, EMPLOYEES, CONTRACTORS OR AGENTS SHALL NOT BE LIABLE TO THE CUSTOMER FOR THE CUSTOMER'S FAILURE TO ACHIEVE ANY RESULTS IN ENERGY SAVINGS; THE OPERATION OF THE CUSTOMER'S FACILITY; LOSS OF PROFITS OR REVENUE; LOSS OF USE OF CUSTOMER'S PROPERTY, EQUIPMENT OR POWER SYSTEM; INCREASED COSTS OF ANY KIND, INCLUDING BUT NOT LIMITED TO CAPITAL COST, FUEL COST AND COST OF PURCHASED OR REPLACEMENT POWER; OR ANY SPECIAL, INDIRECT, CONSEQUENTIAL OR INCIDENTAL DAMAGES WHATSOEVER IN CONNECTION WITH CUSTOMER'S APPLICATION, CUSTOMER'S PARTICIPATION IN THE PROGRAM, ANY EEMS INSTALLED AT CUSTOMER'S FACILITY OR ANY ACTIVITIES ASSOCIATED WITH THE PROJECT. *BY PARTICIPATING IN THE AMEREN ILLINOIS PROGRAM, CUSTOMER AGREES TO WAIVE ANY CLAIMS, EXCEPT AS PROVIDED IN THIS SECTION, AND FULLY RELEASES AMEREN ILLINOIS FROM ANY DAMAGES, OF ANY KIND ARISING OUT OF OR RELATED TO CUSTOMER'S APPLICATION AND ANY EEMS INSTALLED AT CUSTOMER'S FACILITY.*

b) Customer shall defend, indemnify, and hold harmless Ameren Illinois, its parent, affiliate and subsidiaries, and their representative directors, officers, employees, contractors and agents from and against all liabilities, losses, claims, damages, judgments, penalties, costs and expenses (including, without limitation, attorney's fees and expenses) from and against third party claims for injuries, including death, to any person, or for property damage, or for payment for goods or services arising out of or relating to Customer's Application or any EEMs installed at Customer's Facility.

11. NO WARRANTIES: Ameren Illinois and its parent, affiliates, employees, contractors and agents do not guarantee the energy savings, and do not make any representations or warranties of any kind, regarding the results to be achieved by the EEMs or the adequacy or safety of such measures. Ameren Illinois and its parent, affiliates, employees, contractors and agents do not endorse, guarantee, or warrant any particular manufacturer, contractor or product, and do not endorse or guarantee any claims, promises, work, or equipment made performed or furnished by any contractors or vendors that sell or install EEMs.

12. CHOICE OF LAW AND DISPUTES.

a) THESE TERMS AND CONDITIONS, OR ANY OTHER REQUIREMENT OF THE APPLICATION OR CONDITION OF INCENTIVE AWARD WILL BE GOVERNED IN ALL RESPECTS BY THE LAWS, STATUTES, AND REGULATIONS OF THE STATE OF ILLINOIS. AMEREN ILLINOIS AND CUSTOMER HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVE ANY RIGHT EITHER SUCH PARTY MAY HAVE TO A TRIAL BY JURY OR TO INITIATE OR BECOME A PARTY TO ANY CLASS ACTION CLAIMS IN RESPECT OF ANY ACTION, SUIT OR PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS PROGRAM.

b) Customer agrees that any dispute arising out of or related the workmanship or performance of an EEM or the adequacy or safety of such measure shall be resolved solely between the Customer and the EEM contractor or equipment provider. **(Rev17)**

Custom Application

Documentation for Application Submission

For All Applications:

- Check here if this Custom project was identified during a retro-commissioning study.
- Attach information specified on the Required Project Documentation table (p. 10 of this application).
- Completed **Customer and Project Information** and **Incentive Calculation** sections (pp. 2-6 of this Application)
- Signed **Terms and Conditions Customer Acknowledgment**, below, with the certification box checked.
- Manufacturer specification sheets** for equipment for which you are requesting incentives.
- Signed **W-9 form** with Tax Identification Number associated with the Ameren Illinois customer. Incentives WILL NOT be paid until a completed and signed W-9 is received.

Supplemental Documentation:

- Payment Release Authorization Form** is required if the incentive is to be paid to a party other than Customer.
- Large Incentive Request Form** is required if the total requested incentive is over \$50,000.
- Landlord Consent Form** is required if the Facility is under lease.

Missing a form? Visit [AmerenIllinoisSavings.com/forms](https://amerenillinoisavings.com/forms).

Custom Projects with an Incentive Request Greater than \$100,000

- Completion and submission of a letter of notice, signed by a corporate officer, that the company is proceeding with the project – due within 30 days of pre-approval letter.
- Submission of documentation clearly demonstrating the project has commenced. This documentation may include, but is not limited to, purchase requisitions, purchase orders, invoices, sales contracts, etc., for equipment and/or services – due within 60 days of pre-approval letter (contact the program representative if you think your project will require more than 60 days).
- Monthly contact (no later than the end of each calendar month) with a program representative to discuss the project plan, scope, and timeline – until the project is complete and the Incentive Payment Request Form is submitted.
- Made in Illinois Bonus** - Check this box and follow the instructions below.

1. Enter eligible equipment* (attach a list if additional space is needed)

Manufacturer	Model

2. Provide documentation of eligibility either with an equipment listing from the BuildingClean.org website showing that it was made in Illinois, or an affidavit from the manufacturer attesting that the equipment meets the criteria.

* Equipment must be at least 50% manufactured and/or assembled in Illinois (exclusive of packaging and installation); product installation is not considered assembly. The project must be completed between Jan. 1 and Sept. 30, 2025. More info: <https://amerenillinoisavings.com/illinois/>

Terms and Conditions Customer Acknowledgment

I certify that all information provided in this Application is correct and complete. I have read, understand and agree to the program requirements and the Terms and Conditions set forth in this Application, and I agree to abide by these requirements.

By checking this box and signing below, I certify that I have authority to make these statements and submit this Application.
Applications will not be accepted as complete, unless this box is checked and all below fields are completed.

Estimated Completion Date (ECD): 2025 _____ (mm/dd)

2026* Q1 Q2 Q3 Q4 (select a quarter)

2027* Q1 Q2 Q3 Q4 (select a quarter)

Justification for the above ECD (lead times, capital process, facility scheduling, etc.): _____

Print Name _____ Title _____

Signature** _____ Date (mm/dd/yyyy) _____

*Estimated completion dates for multi-year projects will not be approved without acceptable justification.

**Application must be signed & dated by the customer contact or authorized third party. Electronic signatures are accepted. Typing your name above constitutes a valid electronic signature.

Custom Application

Required Project Documentation	
<p>Ameren Illinois requires documentation to verify the savings estimates provided in the Application. The following are guidelines for the minimum required documentation that must accompany your application for preapproval.</p>	
PROJECT SUMMARY	
<ul style="list-style-type: none"> • Include a summary of proposed measures (briefly describe why you are proceeding with this project and what will be done.) 	
EQUIPMENT DOCUMENTATION	
<ul style="list-style-type: none"> • A list of equipment to be installed, including manufacturers' catalog/model number. 	
ENERGY PERFORMANCE AND OPERATIONAL SEQUENCE REQUIREMENTS	
<ul style="list-style-type: none"> • Provide calculations documenting the predicted energy consumption of the existing usage (or base usage) and proposed design using the appropriate analytical tools and clearly stated assumptions. Calculations may be performed by "hand" but spreadsheet or computer modeling analysis is preferred, and may be supplied in electronic format. • All assumptions such as operating hours, existing and proposed equipment, and operational details must be presented. • List of system requirements (pressure, flows, etc.), operating hours, and control strategies (attach separate sheets). • For HVAC software energy models, submit baseline and proposed files exported to EnergyPlus (.IDF) or DOE2 (.INP) file formats. In cases where modeling files cannot be exported to one of these formats (e.g. Trane 700, Carrier HAP) submit files in their native format. • Carrier HAP and Trane HVAC models are acceptable for most HVAC upgrades. More complex projects may benefit from different software, additional calculations, or energymetering. 	
OTHER REQUIREMENTS AND COMMENTS	
<ul style="list-style-type: none"> • Provide any further documentation that helps demonstrate the performance characteristics of the project and its ability to demonstrate and promote energy efficiency in the Ameren Illinois service territory. • Please provide any measured data wherever possible. • Combustion analysis tests required on any project that would impact boiler efficiency. • Pre and post- metering is encouraged and may be required on larger projects. • Documentation to show how project cost was determined (see below). 	

Accounting for Project Costs

	Application Preapproval	Final Approval
MATERIALS COSTS	<ul style="list-style-type: none"> • Quote, proposal or estimate 	<ul style="list-style-type: none"> • Invoice(s)
EXTERNAL LABOR	<ul style="list-style-type: none"> • Quote, proposal or estimate 	<ul style="list-style-type: none"> • Invoice(s)
INTERNAL LABOR (optional)	<ul style="list-style-type: none"> • Description/scope of work to be completed by internal labor 	<p>Applicants may optionally include internal labor costs. To qualify, documentation must include:</p> <ul style="list-style-type: none"> • Employee title/trade, rate, and hours directly associated with the development or implementation of the project. • A description of project-related activities conducted. • Reasonable employee rates (i.e. comparable to US Department of Labor prevailing wage). • May submit an accounting summary of the hours associated with the project from an internal hours/billing system.

Custom Application

Incentive Payment Request Form

This form and required documentation should only be submitted upon project completion. Project completion is defined by the Ameren Illinois Energy Efficiency Programs as all equipment installed and operable. The documentation required for submission with a signed Incentive Payment Request Form varies based on project size and the project scenario as described below.

Required Documentation Checklists

ALL PROJECTS

- Completed this form? (Signed by the Ameren Illinois customer and checked the box indicating compliance with the Terms and Conditions.)
- Changes since pre-approval? (If applicable, submit a written summary of the specific changes and the rationale for the changes.)
- Invoices submitted? (Must show the date, place of purchase, model/part numbers, quantities and unit costs of all equipment.)
- Signed W-9 submitted?
- Certified Installer used or self-installed by Ameren Illinois customer listed on this application? Please list the Certified Installer here, exactly as they are registered with the Illinois Commerce Commission (for a full list, visit www.icc.illinois.gov/emdb/ucdb/search and choose Authority Type, 'EnergyEfficiency Installers.').

Payment Request: Project Completion Acknowledgment and Signature

I certify that all information provided is correct and complete. I have read, understand and agree to the program requirements and the Terms and Conditions set forth in this Application, and I agree to abide by these requirements.

By checking this box and signing below, I certify that I have authority to make these statements and submit this Application. All equipment is installed and operational (not placed into storage). **Applications will not be accepted as "complete" unless this box is checked and all of the below fields are completed.**

Company Name (Ameren Illinois Customer): _____

Project Number (Pre-Approved Projects Only): _____

Project Completion Date: (mm/dd/yyyy) _____

Print Name: _____ Title: _____

Signature: _____ Date: (mm/dd/yyyy) _____

Please note, the application must be signed & dated by the customer or otherwise authorized 3rd party. Electronic signatures allowed and accepted by the Business Program. Typing your name above constitutes a valid electronic signature.
