It Takes a Village:

Leading Your Community to Energy Savings

Ameren Illinois EE Program

- Illinois Mandated: Energy Rate Relief Act in 2008.
- Program Goals:
 - Provide financial incentives to lower the cost of energy-saving equipment upgrades.
 - Save Ameren Illinois customers money on future utility bills.
- Must be an Ameren Illinois natural gas or electric customer.

The Ameren Illinois Energy Efficiency Program has helped Illinois businesses save over **\$1.1 billion** in energy costs since 2008.

Business customers have received an average of **\$36.7 million** in annual incentives over the past five years.

Energy Efficiency
PROGRAM

East STL School District #189

- The district consists of grades Pre-K through 12 across 12 facilities. There are more than 4.6K students and nearly 1K faculty and staff personnel.
- Completed **26** and has **12** energy efficiency measures underway:
 - › Updated interior and exterior LED lighting upgrades
 - › Sports lighting
 - › Weatherization
 - › HVAC upgrades
 - › Variable Frequency Drives (VFDs)
 - › BAS controls

REAL RESULTS East Saint Louis School District: 2019 – 2025*

Total Ameren Incentives Since 2018: \$399,008	Estimated Annual Energy Savings: 1,481,076 kWh 37,201 Therms
---	--

**Includes current projects*

Energy Efficiency
PROGRAM

West Washington Co. CUSD #10

- West Washington County School District occupies a 37,000-square-foot campus with grades K-12.
- Types of projects:
 - › Custom HVAC project
 - › Updated boilers with more efficient units
 - › Weatherization measures
 - › Updating lighting fixtures to modern LEDs
 - › Installing Networked Lighting Controls across campus

REAL RESULTS West Washington County School District: 2019-2024

Total Ameren
Incentives Since
2019:
\$306,435

Estimated Annual
Energy Savings:
537,951 kWh
43,573 Therms

Energy Efficiency
PROGRAM

City of Carbondale (SIMMS)

- The City of Carbondale was awarded a \$13.9 million grant from the U.S. Department of Transportation's Better Utilizing Investment to Leverage Development (BUILD) program to construct the Southern Illinois Multimodal Station (SIMMS). *Estimated completion: Fall 2025.*
- Will be one of the most energy-efficient buildings in Carbondale and southern Illinois.
 - › Striving to achieve LEED Silver
- Some of the EE measures include:
 - › Geothermal
 - › Solar
 - › Lighting controls
 - › Water efficiencies

Estimated Annual Energy Savings: 184,665 kWh

The main title "BUSINESS SYMPOSIUM" is written in a large, bold, blue, italicized font. The word "BUSINESS" is on the top line and "SYMPOSIUM" is on the bottom line. The outline of the state of Illinois is drawn in blue, framing the text. A blue lightbulb icon is positioned at the end of the word "SYMPOSIUM", with a line extending from its base that loops back to the bottom of the Illinois outline.
