

### Niagara Conservation Dual-Spray Swivel Faucet Aerators

Our Dual-Spray Swivel Faucet Aerators offer two stream options: a full-force multiple stream and a splash-free bubble stream. Two versions of the aerator offer a pause-action valve that reduces flow to a trickle while keeping water temperature constant. All versions of the aerator contain a 360° swivel to direct the water flow where it's needed. The Dual-Spray Swivel Aerators produce a pressure-compensated stream that performs well at any water pressure.
