Does your project qualify?

- □Installing new, energy efficient equipment.
- □New equipment meets eligibility guidelines as specified in this application.
- Estimated project completion date by December 31, 2025

What you should know before beginning:

□ Pre-approval is <u>required</u> for ALL Standard Application projects requesting more than \$10,000 of incentive money and for projects applying for the Real-time Steam Trap Monitoring incentive. Do not purchase (including generating purchase orders) new equipment until receiving a pre-approval letter.

□ Multiple incentive applications less than \$10,000 at the same facility within 120 days of each other will not be accepted. Phased projects requesting less than \$10,000 may submit separate applications when completion dates are at least 120 days apart.

Stockpiles of equipment are not allowed: all equipment must be installed and operational.

 \Box Projects must be completed within 120 days.

□ Final application paperwork is due within 30 days of project completion **or by December 31, 2025 whichever comes first**.

□ Survey and repair/replacement incentives are limited to once every 12 months, for individual steam traps within a system. The 12 month deadline refers to the steam trap *repair* date.

□ Application paperwork can be submitted via email, fax, or hard copy. Emails that include "zip" files or web links cannot be received. You will receive a confirmation email within two business days of submitting a complete and correct application.

□ Please Save file to computer and use Adobe Acrobat to Open the document. Most browsers (Chrome, Internet Explorer, Safari) do no auto-fill calculations.

Participation instructions:

- <u>Step One</u>: Determine if your project requires pre-approval. If the total incentive request is over \$10,000 or the application includes real-time steam trap monitoring, pre-approval is <u>required</u>.
- <u>Step Two, Track A</u>: If pre-approval is required, submit the application for preapproval and do not purchase any material or generate purchase orders until a pre-approval letter is issued.
- <u>Step Two, Track B</u>: If pre-approval is not necessary, an application for "funds reserved" may be submitted, or the project may begin.
- <u>Step Three</u>: As soon as you project is completed, submit a signed Incentive Payment Request Form and all documentation requested (or entire application, if not previously submitted). Final Application paperwork is reviewed, if approved your incentive will be paid within 60 days of approval.
- <u>Step Four</u>: Program staff may conduct a post installation verification inspection upon receiving final application paperwork.

*Detailed, step-by-step instructions, FAQs, and other helpful information are available in the Application Guide (<u>https://www.amerenillinoissavings.com/business-forms-library/</u>).
