

ENERGY EFFICIENCY
PROGRAM

Power up your future by
hiring an intern to support
your energy efficiency and
sustainability work.

AMEREN ILLINOIS ENERGY EFFICIENCY SUMMER INTERNSHIP PROGRAM

Apply for an opportunity to have a summer internship funded by the Ameren Illinois Energy Efficiency Program!

About the Ameren Illinois Energy Efficiency Summer Internship Program:

- Paid positions funded by the Ameren Illinois Energy Efficiency Program.
- Offered for 8-12 weeks, during June through August.
- Full-time positions during the internship period, and no less than 30 hours per week.
- Intern responsibilities must relate to energy efficiency work.

Many internships have turned into permanent job offers and this is a great first step to find your next new employee!
