Business:

**Call 1.866.800.0747 or email IllinoisBusinessEE@ameren.com.
AmerenIllinoisSavings.com/Instant**

Note: End user must have an Energy Efficiency Programs Charge on such end user's Ameren Illinois electric bill for the service point corresponding to the sale. DS5 accounts should discuss with Ameren Illinois representatives prior to purchase. Incentive amounts may be revised. Equipment which does not fit into these categories may be eligible for incentives via other Program Applications. Please see AmerenIllinoisSavings.com for more information. Contact your distributor for the latest incentive levels.

[†]Incentives paid to Business customers by Ameren Illinois to defray the cost of installing energy-efficient equipment are considered income and may require issuance of a 1099 form at the end of the calendar year.

INSTANT INCENTIVES

Offering instant discounts to help Business and Residential customers improve comfort, manage usage and reduce costs.

Instant Incentives through the Ameren Illinois Energy Efficiency Program provide a simple and quick way for Ameren Illinois Business[†] and Residential customers to purchase energy-efficient equipment and receive instant discounts. Contractors can receive discounts from participating distributors and pass those savings on to their customers.

2025 EQUIPMENT ELIGIBILITY:

Smart Thermostats

- » Eligible for Business and Residential gas and electric customers.
- » Must be listed on the Approve Product List (APL). The APL can be found on the Midstream HVAC Portal. To be listed, the thermostat must have the default enabled capability or the capability to automatically establish a schedule of temperature setpoints according to driving device inputs above and beyond basic time and temperature data of conventional programmable thermostats. To request an addition to the APL, send request to instantincentives@ameren.com.
- » Limit one per Residential account.

Note: Smart thermostats cannot be given to customers at no cost. A minimum cost of \$0.01 is required.

Ducted Air Source Heat Pumps (less than 65 kBtu)

- » Eligible for Business and Residential electric customers.
 - » Note: Commercial packaged units are only eligible for Business electric customers.
- » Must be 15.2 SEER2 (16 SEER) and 8.1 HSPF2 (9.5 HSPF) or greater as confirmed by AHRI.
 - » For commercial packaged units, must be 15.2 SEER2 (16 SEER) and 7.5 HSPF2 (9.0 HSPF) or greater as confirmed by AHRI.
- » Limit two per Residential account.

Ducted Air Source Heat Pumps (65-134.9 kBtu)

- » Eligible for Business electric customers.
- » Must be 13.8 IEER and 3.4 COP or greater as confirmed by AHRI.

Ductless Mini-Split Heat Pumps

- » Eligible for Business and Residential electric customers.
- » Must be 16 SEER2 (16 SEER) and 8.55 HSPF2 (9.5 HSPF) or greater as confirmed by AHRI.
- » Limit two per Residential account.

Energy Recovery Ventilators (ERVs)

- » Only eligible for Ameren Illinois Residential customers
- » The unit must be listed in the Home Ventilation Institute's (HVI)-Certified Ratings Listing.
- » Limit two per Residential account.

Heat Pump Water Heaters

- » Eligible for Business and Residential electric customers.
- » Must be ENERGY STAR® listed.

AX and BX Section Notched V-belt

- » Eligible for Business electric customers.
- » Must be notched belts with AX or BX cross section.
- » Must be suitable for replacement of smooth V-belts between motor and fan in non-residential HVAC RTU systems.

PTAC/PTHP Units

- » New Units must be AHRI certified.
- » Available for business customers.
- » PTAC Units must be 12.3 EER or greater as confirmed by AHRI for systems <11,000 Btu/h.
- » PTAC Units must be 10.8 EER or greater as confirmed by AHRI for systems ≥11,000 Btu/h.
- » PTHP Units must be 12.3 EER and 3.5 COP or greater as confirmed by AHRI for systems <11,000 Btu/h.
- » PTHP Units must be 10.8 EER and 3.3 COP or greater as confirmed by AHRI for systems ≥11,000 Btu/h.

For multifamily complexes, the equipment quantity limits are per housing unit. Example: Limit two Mini-Split Heat Pumps per housing unit.

kBtu to Tons Conversion Chart	
Eligibility requirements based on kBtu	
kBtu	Tons
less than 65 kBtu	5.417
65 - 134.9 kBtu	5.417 - 11.242
